

Family Owned and Operated  
Like Your Pharmacy

Dear Valued Customer,

Through lots of change and uncertainty, we pray your independent pharmacy has conquered the challenges of this year and you are now stronger than ever.

We know as independent pharmacies, like many other businesses, the need to pivot has been essential in your survival during these uncertain times. And, **many of you have not just survived but thrived** as you have grown your personal ties within your community and offered incredible, personalized customer service that corporate chains just cannot offer.

In addition, we are seeing many independent pharmacies have learned that their reliance on prescription revenues must be shared with a structure that can also concentrate on a focus of offering high demand and recurring products.

For decades at Ixthus Medical Supply, we have provided and offered these products up to 40% less than your Drug wholesaler. Bringing back local has made its way into our communities and we encourage you to get in front of your communities and stock up.

Our focus at Ixthus Medical Supply continues to be providing sound solutions to the unique needs of independent pharmacies like yours, especially in years like 2020. We offer what other wholesalers may have long forgotten; good judgment, personal assistance, and unwavering dependability as we assist in today's rapidly changing environment.

As your trusted provider of diabetic supplies, we promise to offer you the best customer service, answering all of your questions and assuring the items you need are always in stock, delivered on time at remarkable prices.

In Stock, On Time.  
No Surprises.

We understand the unique needs of the independent pharmacist and we care. Whether it's your first time ordering from us or you have been a faithful customer of Ixthus Medical Supply for many years, **we appreciate you as you strive to meet the unique needs of those who walk through your doors.** Our goal is always to work closely with your team to provide the medical supplies and support you need to offer excellent, ongoing care for your customers.

We look towards the future with hope! And, we look forward to serving you and your pharmacy with the same quality service you have come to expect since 1968.
